Service descriptions

HopGuides License: A monthly license provides access to the HopGuides application with a limitation of one experience at a time. The cost per sold experience varies depending on the number of experiences sold.

Multilingual Video Story Creation: This service involves crafting a narrative in various languages, accompanied by character animations to bring the story to life.

Multilingual Audio Story Production: This service includes the development of an engaging story available in multiple languages, featuring customized voiceovers to enhance the narrative experience.

System setup Custom installation of the HopGuides system, either without partners or with up to two partners. Includes audio guides in two languages and ten points of interest.

Creation of AI Guest Assistant with Sales Agent: A touch of local knowledge and sparkling AI intelligence - together we weave word masterpieces that take your content to the top of search engines. The service includes vector creation of a personalized AI assistant that works together with a sales agent to promote your services. This AI assistant can process up to 300,000 characters, enabling advanced interaction and engagement with customers.

AI Assistant on 1,000 Tokens: This service allows the use of an AI assistant based on tokens, where every 1,000 characters cost €0.1. This enables flexible and cost-effective use of AI technology for smaller projects or specific tasks.

SEO Optimized Articles Flat Rate and Preparation: Comprehensive preparation, from strategy to SEO environment setup. Flat Rate Price: \$1000 for the entire package. From concept to realization - our concern, is your success. Simple, transparent, with no hidden costs. Advantage: Improving your online reputation and better search engine positioning is our common goal. We build bridges in the digital world with a solid network of links that lead your content to the center of attention.

SEO Optimized Articles: Development of unique, SEO-optimized articles, tailored to your keywords and topics. Articles are designed to improve online visibility and attract more visitors to your website. We develop 100 unique articles, custom-woven with your keywords and topics. ~1500 words/article Emphasis on local flair, enriched with the power of AI technology - not just content, but a story that seduces and retains the reader.

Points of Interest (POI): The option to add additional points of interest or partners, such as restaurants or museums.

Revisions: Includes two free revisions in creating the tour. Additional revisions may relate to text replacement, audio, images, or other enhancements.

Customizations: Hourly rate for service customizations according to the specific needs of the client.

Payment Terms: 50% upon confirmation of the offer, 50% upon delivery.

Fair, transparent, and with exceptional results.

Basic offer

- **Description:** Tailored for emerging tourism operators eager to explore the benefits of HopGuides, this introductory package offers a low-risk gateway into the world of digital tour enhancement. Basic instructions included, it empowers businesses to dive into the HopGuides experience without committing to a long-term investment upfront. This approach serves as an ideal trial, allowing you to gauge the platform's impact on your operations and customer satisfaction firsthand.
- **Key Features:** Specifically designed to facilitate firsthand experimentation with HopGuides technology.

Fair, transparent, and with exceptional results.

Standard offer

- **Description:** This package is strategically designed for medium-sized tourism enterprises seeking an optimal blend of diversity and value. This option is perfect for providers looking to elevate their offerings, presenting their clients with a richer, more varied experience.
- **Key Features:** Specifically designed for the needs of medium-sized tourism providers.

Fair, transparent, and with exceptional results.

Hopguides, Inc. 651 N Broad Street, Suite 201, Middletown 19709, Delaware | info@hopguides.com

Premium offer

- **Description:** Tailored for ambitious tourism enterprises looking to fully harness the power of HopGuides, this ultimate package offers an unparalleled blend of services. It encompasses three distinct experiences and extends 50 licenses over a generous 36-month term, enriched further with the cutting-edge functionality of an AI assistant. Designed with the needs of large-scale tourism operators in mind, this package is the epitome of luxury in technology-driven tourist experiences, setting a new standard for personalized, high-tech engagement.
- **Key Features:** Experiences for quest, guest, and employee instructions; AI assistant for guests; tailored for large tourism companies.

Fair, transparent, and with exceptional results.
